Remeioles have been before the public so long, have a performed so many miraculous cures, have restored so many thousands of weak, feeble and dying luvalids to robust health, have protected whole neighborhoods from sudden attacks of raging pestilence, have been tested and tried with the most astonishing success in the most difficult cases that Hospital Practice and the prevalence of Yellow Fever, Bilhous Fever, Spotter fever, Typhus Fever, Pneumonia, Cholera, and all other malignant disorders could furnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mention the names of Page, Stone, Gillen, Francis, Lambert, Griffen, Hopkins, and many others well known to the people, and have restored back to life persons who were dying, and had been given up by all the doctors of merit in the places where they lived, that we deem a short reference to each of the Three Simple Remidies we use in the R. R. R. Practice sufficient to warrant the sick, the ailing and the diseased to give these life saving and Ready Remedies a fair trial.

Radway's Ready Relief, for all purposes where the body is seized with pain—whether it be of a simple character. Or the most thorturing paroxisms, whether it be Toothache or Cholera; whether Headache or Spasms and Cramps; whether aches or pains in the bones or joints, shoulders or back, or the more terrible spasms of Neural-mach, Radway's Ready Relief will in a few minutes restore the most terribly afficted to eace and comfort.

STATE ELECTION IN INDIANA .- Our opinion is frequently asked by our American friends in In-diana as to the course they ought to take in their October election. They have better means, and are no doubt better able, to form a just opinion upon the subject than we are. Nevertheless, we do no hesitate to assert our very strong belief, that, to promote the great national cause which they and we have alike at heart, they should, with their whole hearts, support Mr. Morton against Mr. Willard for the office of Governor. Journal of yesterday

We do not suppose that any man who has observed the indecent rapidity with which the Fillmore party has thrown off the mask which hid seeing this authoritative announcement of its sympathy with the Fremont party. It has been sympathy with the Fremont party. It has been very evident, ever since the canvass opened, that to be the terms of the compact: the Kentucky Know-Nothings ardently (desired the triumph of the Black Republicans in the North, and secretly rejoiced over every defeat of the party of the Constitution and the Union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union. But the party of the Constitution and the union and the union and the union. But the party of the Constitution and the union and the union are the party of the compact:

In the first instance, it is agreed that the Fremonters and Fillmoreites shall combine to elect the Know Nothing candidate for Canal Commissioner and the other officers to be chosen by the State, as also the Congressmen in the districts. nouncement of their sympathy and co-operation. name let them rebuke it, if they have any regard for the honor of our commonwealth, Willard is Fren your friend, the champion of your rights, the efender of your equality. Morton is your enemy; he maligus and defames your institutions; he denies your equality in the confederacy. Willard is the candidate of a party which says that it is
the dark of the Federal Congress to admit new "It remains to be seen whether the voters of the duty of the Federal Congress to admit new States with or without slavery as the people may themselves determine. The convention that nominated Morton declared that "no slave States shall be admitted into the Union, and Morton, himself, declares that he would rather see the Ohio river red with blood, than another slave State admitted into the Union, Willard supports with all the energy and eloquence of his gifted nature, Buchanan and Breckinridge and the constitutional platform upon which they stand. Morton is the supporter of Fremont and Dayton. He was a delegate to the abolition convention held in Pittsburg last Feburary; a convention of which Greely, Giddings and George W. Julian, were the leading spirits. He was one of the committee that prepared and reported the abolition resolutions passed by that convention, one of which resolutions called the Philadelphia

It would be highly gratifying to the Democrats of this region to cross that Louisianan, He could get clear of his money very quick. But we do not believe a single word of the story. There is not a man in the Union who is fool enough to bet a dollar on Fillmore's election.

The Commonwealth and other Know Nothings are publishing references to the "Bull" of Pope Gregory XVI on the subject of the slave trade, and are attempting to falsify its meaning. Has the editor of the Commonwealth never read the letters of Bishop England of South Carolina on that Bull? And, if he has, how can he excuse the dishonesty of his course on this subject.

Bon. John H. Bryan. We all know that these gentlemen were active co-operators with the Know Nothings last summer. Gov. Morehead presided at the Guilford Know Nothing mass meeting; Gov. Graham made a speech at that meeting; and Mr. Bryan addressed a Know Nothmeeting; and Mr. Bryan addressed a Know Noth-ing meeting in Wilmington in April last. Yet these gentlemen went to Baltimore as whigs to nominate Mr. Fillmore. It was a Know Nothing trick from first to last. What party do you belong to. Gov. Morehead, Gov. Graham, Mr. Bryan? Why, some people (the Know Nothings) say our party is dead, but we think not; we call ourselves Whigs, but we vote with the Know Nothings. What transparent humbug-

FRAUD AND CORRUPTION .- It turns out that the Abolition victory in Maine was brought about by illegal voting. It is quite impossible that in a stationary State, where the population does not increase by immigra in to any very great extent, that the legal very could not gain twenty-five per cent. in four years. The late election, if no fraud was practised would show that there is one voter to four and a half of the population, which cannot be. The Democrats polled more votes this year than they did it was to tag or test of 1852, when the whole strength of parties was brought out-Pierce then received eight thousand majority, yet now our party is in a quity has been practised beyond all doubt.

We see that the Board of Directors failed to

elect a President on Monday last. There is a good deal of talk on the street on this subject, and the people begin to suspect that there is ome cheating going on around the Water Works Board. We have heard Capt. Coleman named as the most suitable person for the Presidency, and believe the selection would give general satisfaction; but he refuses to serve accept the board will accede to certain arrangements which he deems essential to the success of the enterprise. This they decline doing.

Another gentleman in the board would serve, and he is well qualified for the place; but he is a successful mechanic, and a skilful machinist. He is not a LAWYER, and not a KNOW NOTH-ING-consequently he is out of the ring.

This is just the way we may expect the people's usiness to be trifled with while they permit Know Nothing lodges to manage their affairs, instead of managing them themselves.

From the very first we suspected that these Water Works would be a sort of nest-egg for places Know Nothing hungry officials to set upon, and for this reason we at first opposed the city subscription. But we desired to see something done for the prosperity of the city, and in the past election we gave the project our support. We yet hope for the best; but when we see a Know Nothing Council elect their own members as Directors, and these directors fishing for the presidency, we feel bound as public journalists to put the people on their guard. The citizens of Louisville did not subscribe half a million dollars to be squandered uselessly, or to furnish snug places for Know Nothing aspirants.

INTERESTING DISCLOSURES.

"THE PENNSYLVANIA BARGAIN.-We believe that there can no longer be any doubt as to the combination between the Black Republicans (Fremonters) and the Know Nothings (Fillmoreits abolition propensities will be much surprised at bemocracy, both at the State election of the 14th of October and at the Presidential election of

We have every reason to helieve its statements true. Although we are within a month of the election, no Fremont electoral ticket has been brought out in Pennsylvania, and no steps have been taken to form one. The Buchanan and Fillmore men have each their candidate in the field. That there is some scheme of corruption and fraud at the bottom of this refusal to bring out an electoral ticket by the Fremonters no one can doubt. We are satisfied that no trade or arrangement of corrupt politicians can take the old Keystone State from Jas. Buchanan, and that he will get its electoral vote

Baldwin, of Mississippi, in which he gives his reasons for not supporting the Donelson Know Nothing ticket. Mr. Baldwin is a leading politician, an able lawyer, and a man of unbending integrity. He is now a member of the Miss. Legislature and has been since his election an acknowledged leader of his party in that body and in the State. His defection will prove a terrible blow to their dying fortunes in the South : Houston, Miss., Aug. 20th 1856.

Messrs. Editors :- The notice you were pleas ed to take of me, in the last No. of your paper drives me to the disagreeable necessity of defining my position in the present canvass-disagree ble, not because I desire to conceal and political sentiment I may entertain, but exceedingly disagreeable to me, from the notoriety and undue importance attached to my action. My opinions HOPKINS Co., Ky., Sept. 23. | in relation to the principles of the old Whig and DEAR NOBLE:-The Democracy of old Hopkins | American parties, have undergone no change had a glorious time of it on Saturday last, the day appointed for their Barbecue and Mass Meeting. The day was delightful, the crowd large and enthusiastic. Among the distinguished gentlemen present, were Lynn Boyd, Tom McCreery, Col. Gholson, Hon. H. C. Burnett, Mr. J. B. Vance of Henderson, and Mr. Chapeze of Greenville. With such a team, you may readily suppose the crowd were amply regalled with the "feast of reason and the flow of soul."

I yet tenere the conductance of its heroic struggles for true principles, and the other to merit support by the American people, because its measures are but those of self-preservation. I am, both in principle and action, a Whig and an American. The present issue, however, is confined to a single point, disconnected with the principles of the three old parties. There are three candidates presented for the Presidency. Mr. Fillmore a statesman, who has proved himself truefto the South, without infamy and disgrace. They are both with the other to merit support by the American people, because its measures are but those of self-preservation. I am, both in principles, and the other to merit support by the American people, because its measures are but those of self-preservation. I am, both in principles and action, a Whig and an American. The present issue, however, is confined to a single point, disconnected with the principles of the three conductions. without infamy and disgrace. They are both sound, true, national men. But, for my argument, I need not contend that they are equally sound, equally true; but only, as every one mus admit, that either of them is preferable to an avowed abolitionist. The third candidate is a wild and unprincipled adventurer, known only for his expedition over the Rocky Mountains, and reckless speculation in California lands. A pliant tool in the hands of the band of fanatics, whose sole object is our destruction. The effect of his election will be to place the now almost unlimited patronage of the federal government most ably revive d and the speaker throughout received the most marked attention,

Dinner having been served. Tom McCreery government itself into an abolition society. The government itself into an abolition society. The dissolution of the Union, and all the horrors of civil war, would be the necessary consequence. That party now has a majority in the House of Representatives, and is supposed to have a large majority of the people of the free States enlisted under its bloody banner. Give it the influence of the national government, and its entire success is beyond a doubt. Fanaticism will have accomplished its object, and the American Republic will exist no longer. Liberty and peace, prosperity and happiness will cease to exist in our beloved land; anarchy and oppression, pecuniary ruin and misery, both national and individual, will reign in their stead.

The question, then, must be, how shall Fre-

The question, then, must be, how shall Fre-mont be defeated? The free-soilers are united, zealous, active, as fauatics ever are. We are divided, and whilst unmeasured abuse is being unjustly heaped upon the heads of either southern candidates for the Presidency, no shot is fired at the common enemy. By the election of either Fillmore or Problems. either Fillmore or Buchanan we are safe. Every electoral vote given for the weaker of the two is one

half vote for the Aboltionist.

The question with me is, one of strength The contest is not between Messrs. Buchanan and The contest is not between Messrs. Buchanan and Fillmore, but between one of these gentlemen and Fremont. Which is the available man? Which can defeat the Black Republicans? To accomplish this great object, I think that every Southern man should be willing to sacrifice all party feeling, to throw aside every prejudice, and regard more the preservation of the Constitutional rights of the South, than the welfare of his party. I am driven against every wish his party. I am driven, against every wish, every desire, to the conclusion that the nominee of the Demoratic party alone can defeat Mr. Fremont, The patronage of the Federal Gov-ernment is in its favor; it has an organization in in every free State; and it has ten thousand elements of success which the American party does not possess—disorganized as it now is and corrupted by the prostitution of its correct principles in the free States, to the vile purposes of the Abelitanian A. Therefore believing and A. the Abolitionists. Therefore, believing as I do, that the question is purely a sectional one—that the South should be united for self-preservatiou -that Mr. Fillmore has no chance of successthat Mr. Buchanan has; Whig and American though I have been, I feel compelled to vote for the only man who can defeat the nominee of the Black Republicans, James Buchanan, of Pennsylvania.

Sylvania.

To the American party of Chickasaw, I beg leave to say, that should they disent from the views above expressed, that I shall sincerely regret the difference; and assure them, that as the seat in the House of Representatives, which I now hold, was bestowed by them before the present issue was sprung, that they have only to intimate a desire that I should vacate it, and I will cheerfully resign the position, that they to intimate a desire that I should vacate it, and I will cheerfully resign the position, that they may have the opportunity of selecting some one to represent them, who fully concurs with them on the issue of the hour.

Respectfully, C. B. BALDWIN.

The New Grleans Picayune of the 27th says TOBACCO-There has been but little moveent in the Tobacco market this week. The sales up to last even-ing, as far as made public, were barely 100 hhds,

The Russellville (Ky.) Herald, of Tuesday, Fully two-thirds of the crop of Logan must have been destroyed on those nights. The loss to our farmers is immense. Even some of our largest and best planters lost their entire crops. From accounts in our Kentucky exchanges the loss has en heavy throughout the State. From newspaper accounts, the destruction seems to have prevailed to a considerable extent in most of the Tobacco-growing States of the Union; in conseuence of which the price of the weed has advanced in all sections. Mr. McClure, of Clarksville, writes us that Tobacco had advanced at that point last week from \$1 50 to \$2 00 on the hundred pounds."

To those and all our friends we would can be had. Something entirely new will in a few days be offered to the public surpassing every thing in the picture line. The rooms are on Main street, between So and Third, over House Line Telegraph Office.

A Good Investment .- A company of enterprising men are about starting a new business in this city, which it is supposed will very greatly enhance the value of real estate and railroad stock in this and the neighboring States. This establishment will give employment to a great number of hands, and an immense amount of capital, (variously estimated at from \$1 to \$15.) The principal articles manufactured will consist of woolly horses, mermaids, live elephants stuffed with straw. Samples of their own mark-obtained from other establishments-can be seen free gratis for nothing. The whole will be under the charge of Petite Barnum, the prodigy, and William Blowhard, Esq., who have erected a wind-mill on Main, between Second and Third streets, not far from the telegraph office. This locallty has been chosen as peculiarly adapted on account of the concentration of magnetic in fluence, which enables the proprietors to exercise human passions in a cycological manner, thereby making the subject believe the moon is made of green cheese, with a rat-hole through the center, enabling the observer to look through far into futurity, where a gnat is looking through a mag nifying glass, trying to find the soul of the little man who says that Webster's Sphereotypes are when everybody knows that three out of four of the latter style of picture turn black or spot in a very short time.
